POW Lab recap: blog.bitvocation.com/p/pow-lab-october-recap-less-waiting

PROFILE

I have followed and bought Bitcoin since 2017. I host monthly Builder Calls in Bitvocation's POW Lab, a Bitcoin builder community, and made a Bitcoin Meme Quiz for it. I explain Bitcoin in plain words to people who are curious but unsure.

Communications and marketing professional with 15+ years across agencies, startups and technology communities. I started in agency social media, then owned brand social strategies, and later ran paid social, pixels and campaign reporting myself. Social has stayed part of my work throughout, including recent community, programme and campaign work.

EXPERIENCE

Independent Host and Facilitator · Hungary / remote — Jan 2023 – present

- Bitvocation POW Lab: host the monthly Builder Calls since October 2026.
- Built the Bitcoin Meme Quiz (Oct 2026), in 100- and 21-question versions.
- Running the reopening social campaign and social media automation for Elefánt Étterem, my family's restaurant in Veszprém.
- We Are Museums / WAC: facilitated three Fellowship seasons, ran the Gitcoin hackathon and created WAC Factory. Led two Factory cohorts and mentored arts and culture teams developing blockchain projects.

Marketing & Community Manager · Circles Entropy — Mar – Sep 2023

- Led social and community work for Circles Coop's blockchain-based UBI project and mentored the colleague who ran social.
- Ran a Meta campaign for Circles Entropy, a zero-knowledge privacy project, and the Community Market.

Adoption & Community Lead · TZ Connect (Tezos ecosystem), Berlin — Nov 2021 – Mar 2023

- Ran blockchain developer programmes (hackathons, education tracks, incubation): programme briefs and promotion, participant onboarding, mentor and judge engagement, follow-up and CRM.
- The community Discord grew from 0 to about 1,500 members, and I helped moderate it.

These roles taught me community building and developer programmes. My conviction is in Bitcoin.

Co-founder & Product Owner · Climate Game On — Jan 2018 – May 2021

- Led app development and the full project team. Recruited and briefed developers and managed the agency I hired.
- Led multilingual app marketing across 8 European countries, including an influencer campaign. Worked with 8 NGO partners to promote the app and tracked results by country.

Freelance marketing and communications · under the TomorrowPeople umbrella — Jun 2015 – Jan 2022

TomorrowPeople: the Budapest/Barcelona collective I co-founded and freelanced in. My part: paid social and search, tracking, reporting.

- Wasabi Wallet (zkSNACKs, 2018): facilitated a multi-day communications strategy workshop for the team.
- AgroNinja / Beefie: ran Facebook campaigns and coordinated international PR, with UTM-tagged press links. The project recorded 3,000+ pre-registrations and 150+ international reseller contacts.
- GamerHours (2018): worked with engineering to connect Facebook Lead Ads to Mailchimp and the product database, and coordinated lifecycle email testing in Mixpanel. The public beta launched with 500+ registered students.
- Greenpeace Hungary (freelance supplier): ran the paid Facebook petition campaign for Tiszta Adriát and optimised the existing Google Ads campaign (Aug–Sep 2015); 1,002 Facebook signatures in my period, on a budget including €800 of paid media.
- Liber8 / tago arc (2015): coordinated the Facebook conversion pixel on the Indiegogo thank-you page with the developer, and briefed webshop purchase, add-to-cart and remarketing events.

Founder · priSMa, Budapest — May 2014 – Jun 2015

- Founded and led the agency, built its teams and brought in clients. Planned and delivered integrated campaigns, including social strategies I wrote for Libero, Pedigree and Whiskas.

Senior Community Manager · Karmamedia (social media agency), Budapest — 2009 – 2014

- Community management, publishing, moderation and monthly client reporting for Libero, GAP, McDonald's and Mars brands.
- Wrote the social media strategies for Libero, Pedigree and Whiskas; trained junior community managers.
- Checked the McDonald's community team's readiness for Olympic-period trolling (2012).
