Kitti Borissza

Communications and social media · Bitcoin community host · Paid social and measurement

Balatonalmádi, Hungary · borisszakitti@gmail.com · linkedin.com/in/kittiborissza

PROFILE

I have followed and bought Bitcoin since 2017. I host the monthly Builder Calls in Bitvocation's POW Lab, a Bitcoin builder community, and made a Bitcoin Meme Quiz for it. I like explaining Bitcoin in plain words to people who are curious but unsure.

Communications and marketing professional with 15+ years across agencies, startups and technology and community programmes. My social media grounding comes from agency and freelance work, mostly between 2009 and 2016: community management and moderation, content, Facebook advertising, pixels and remarketing, and regular reporting to clients.

Leaving agency life was a deliberate choice. Part of the reason was that I did not want my skills used for communications I disagreed with. I moved toward startups, technology communities and facilitation, including blockchain developer programmes and event hosting. Social media has not been my full-time job for several years; in that time I ran smaller campaigns alongside other work.

I am returning to social media now for two reasons. AI tools take much of the repetitive production off the job, which makes the work creative and enjoyable for me again. And Invity is a Bitcoin company, so I can put this experience behind something I believe in.

EXPERIENCE

Independent Host and Facilitator · Hungary / remote — Jan 2023 – present

- Bitvocation POW Lab (Bitcoin builder community): host the monthly Builder Calls since October 2026, where members share what they are building, including the first public call (recap: blog.bitvocation.com/p/pow-lab-october-recap-less-waiting).
- Built the Bitcoin Meme Quiz with an AI assistant (Oct 2026), in 100- and 21-question versions.
- Hosted the English Data Stage at Compass AI & Tech Summit (Oct 2026; about 1,300 conference attendees).
- Host monthly Data Science Klub expert sessions (since Jan 2026); designed the Data Café format (2026).
- Coaching and live-session facilitation for a We Are Museums community programme (2023–24).

Marketing & Community Manager · Circles Entropy — Mar – Sep 2023

- Marketing and community work for Circles Coop's privacy-focused trust-network protocol; supported the run-up to the "Introducing Circles Entropy" meetup in Berlin (Sep 2023).

Adoption & Community Lead · TZ Connect (Tezos ecosystem), Berlin — Nov 2021 – Mar 2023

- Ran blockchain developer programmes (hackathons, education tracks, incubation): programme briefs and promotion, participant onboarding, mentor and judge engagement, follow-up and CRM.
- Programme portfolio (team figures): 7 hackathons, 24 tracks, about 3,000 participants and 53 winning projects. The community Discord grew from 0 to about 1,500 members, and I helped moderate it.
- Coached about 30–40 hackathon participants on research, positioning and pitching.
- Represented TZ Connect at Web Summit Lisbon, ETH Paris, Paris Blockchain Week, WeAreDevelopers Berlin.

These roles taught me community building and developer programmes. My conviction is in Bitcoin.

Freelance marketing and communications · under the TomorrowPeople umbrella — Jun 2015 – Jan 2022

TomorrowPeople is the Budapest/Barcelona collective I co-founded and freelanced in; client work from early 2015 is grouped here. My part: paid social and search, tracking, crowdfunding, reporting; colleagues did strategy, copy, design.

- Wasabi Wallet (zkSNACKs, 2018): multi-day communications strategy workshop for the team (invoiced Aug–Sep 2018) and operations for the Experience Tour: press and participant follow-up, venue and equipment coordination, printed materials (with a teammate), LinkedIn outreach to the co-founders.

- Liber8 / tago arc (crowdfunding, 2015): coordinated the Facebook conversion pixel on the Indiegogo thank-you page with the developer and Indiegogo, checked that it fired and had errors fixed. Briefed developers on the webshop's visitor, add-to-cart, registration and purchase events and Google remarketing codes; produced digital performance reports. Team result: the Indiegogo campaign raised $104,407 against a $40,000 goal (2.6×).
- Greenpeace Hungary (freelance supplier): ran the paid Facebook petition campaign for Tiszta Adriát and optimised the existing Google Ads campaign (Aug–Sep 2015); 1,002 Facebook signatures came in during my period, on a budget that included €800 of paid media. In May 2016, optimised its 1% Facebook campaign and reported in English: €430 spend, 143,307 reach, 926,303 impressions.
- Abonett (e-commerce, 2016): worked with the client on Facebook pixel and Analytics access, then ran conversion and remarketing ads. My June 2016 report: 5 purchases attributed by Facebook, 4 of them from remarketing, on about HUF 15,000 of ad spend.
- Ran LinkedIn Ads for B2B clients, including Confee and Karafiáth's coaching business.
- Alongside the freelance work, co-founded SocialFokus, a nonprofit incubating social enterprises and running entrepreneurship programmes for NGOs, and co-created SummerOffice, a summer coliving community in rural Hungary (2017).
- Product Owner, Climate Game On (Jan 2018 – May 2021): led product work on Climate Game, a mobile app for climate-friendly habits developed with NGO partners across Europe; administered its Google Analytics and Google Ads link.

Community Facilitator (staff) · Hacker Paradise May 2019 – Mar 2020

- Staff role in a travelling remote-work community: participant onboarding, community events and workshops, and Facebook ads; prepared the Medellín (Colombia) programme in 2020.

Founder · priSMa, Budapest May 2014 – Jun 2015

- Planned and delivered integrated campaigns for Libero, Snickers, Whiskas, Pedigree and the Hungarian Tourism Agency, coordinating creative, development, media buying and reporting.
- Bocuse d'Or Hungary: 50-post social campaign with on-site video. Team result: 1.09M aggregate reach; page followers grew from 2,358 to 5,539.
- Alongside priSMa, with Tilos Rádió's board (community radio, May 2014): ran the station's Facebook 1% donation campaign, wrote the copy, gathered members' creative and tested ads live; $119 spend, 2,546 clicks.

Senior Community Manager · Karmamedia (social media agency), Budapest 2009 – 2014

- Community management, publishing, moderation and reporting for Libero, GAP, McDonald's and Mars brands (Pedigree, Whiskas, Snickers), and with Merck on the Libero Club community.
- Wrote social media strategies for Libero, Pedigree and Whiskas, and GAP's Instagram posts (2013).
- Monthly Libero reporting; the March 2011 report shows +517 members and 270,985 post views (page level).
- Checked the McDonald's community team's readiness for Olympic-period trolling (2012); trained junior community managers and set up shared workflows across brands.

EDUCATION AND LANGUAGES

BA International Communications and Business Communication, Budapest College of Communication (now Budapest Metropolitan University), 2009

Digital Currency MOOC (BLOC-511DL), University of Nicosia, Spring 2026, Certificate of Accomplishment, 96.5%
